

The extra for the PASSIERBLU Protect Saddle Girth: the Saddle Girth Cover made from soft lambskin

The soft Saddle Girth Cover made from genuine, vegetable tanned lambskin, is a new and exceptionally horse-friendly extra from Passier.

Comfortable: The Lambskin Cover was developed especially for the PASSIERBLU Protect Leather Saddle Girth. It makes the practical and popular girth with Stud Guard, elastic ends on both sides and snap hook even more comfortable – even for sensitive horses, because it ensures a pleasant climate without heat accumulation in the horse's girth area and under the belly flap!

Beneficial: The two Velcro fasteners keep the cover perfectly on the girth and thus ensure an optimal fit. Furthermore the cover is easy to remove when it needs washing!

Perfect fit: The Saddle Girth Cover is available in the lengths 110 cm to 145 cm (43" to 57"), matching the PASSIERBLU Protect Leather Saddle Girth. The cover can be washed at 30° C.

The Lambskin Saddle Girth Cover is available from selected Passier stockists. You can easily find Passier dealerships in your area with the Store-Locator at passier.com.
